Huddle Table

CTF's **Huddle Table** is designed for modern breakout sessions, quick meetings, and collaborative workspaces. Purpose-built for small groups, it creates a practical and professional hub for presentations, discussions, and team collaboration.

With provisions for an integrated display, full AV connectivity, and built-in cable management, the Huddle Table brings the functionality of a meeting room into a compact, agile footprint, ideal for control rooms, office meeting rooms, breakout areas, and collaboration zones where teams need to connect, align, and act fast.

**Designed and built for
top-tier performance,
efficiency, and style.**

Our Certification

Warranty

Our huddle table come with a 10-year warranty on all metal parts, a 5-year warranty on HPL tabletops, 2-year warranty on all electronic components with hands-on after-service support with next-day rectification of issues for UAE-based projects supported by over-the-phone technical support whenever required.

Antibacterial Table Top

CTF's high-pressure laminate (HPL) tabletops are rigorously tested for antibacterial activity using the JIS Z 2801:2010 standard. Results confirm a 99.99% reduction of harmful bacteria like Staphylococcus aureus, Escherichia coli, and Pseudomonas aeruginosa.

Fire Retardation Certification

CTF's high-pressure laminate (HPL) tabletops are certified for fire retardation as per EN 438-4:2016 standards. The material meets flame retardant specifications, ensuring added safety and reliability in critical environments.

CTF Product Warranty:

2-year warranty
on all electronic
components

5-year warranty
on HPL tabletops

10-year warranty
on all metal parts

Our Certification

Quality Certification

CTF is dedicated to excellence in quality and service, ensuring that all products leaving the factory meet the highest standards. This commitment is demonstrated by the ISO certifications the company has earned.

ISO 45001 – Occupational Health and Safety Management System
ISO 14001 – Environmental Management System
ISO 9001 – Quality Management System

GREENGUARD GOLD Certified HPL

Our console tabletop is made with **GREENGUARD Gold** certified HPL, the structural body is constructed entirely from mild steel and no VOC-emitting compounds are used in its production.

Country Of Origin

CTF Consoles products are designed and manufactured proudly in the UAE.
